Catholic Family Service

Families & Schools Together (F&ST)

“F&ST showed me the value of spending quality time with my kids and also time with other parents. I enjoyed every aspect of the program and will carry it with me in my future. I've always believed the saying "it takes a village to raise kids" and with F&ST we found that.” – *F&ST parent*

“Our family enjoys every component of F&ST! Myself and my husband especially like being in Parent Group and find it very helpful to talk with other parents who are facing the same challenges as us. Each week our family is becoming more and more connected through F&ST, our house is calmer after the program, my stress levels are reduced and we have started opening up our communication at home. – *F&ST parent*

“The reason we decided to enroll in F&ST is because I was transitioning back to work and we wanted to be sure we got enough time together as a family. The transition has gone so smoothly and we are spending this special time together at F&ST, while getting to know other families from the school on a different level, our child’s teacher on a different level and building connections we wouldn’t have without F&ST. We love sitting down together each week and are always looking forward to Thursday nights!” – *F&ST parent*
